

Casa San Agustín

STAY IN CARTAGENA LIKE ROYALTY

Staying at the Casa San Agustín was a dream. This small luxurious hotel is tucked away from the bustling street activity, and has amenities that could quite possibly keep you from leaving the place. Begin your day with a complimentary breakfast, take a few laps in the pool, followed by a mojito (or 3 mojitos), lunch, and if your body allows, take a few steps outside the gate and you'll be quickly immersed in Cartagena culture.
