Since your [honeymoon](#) should be the trip of a lifetime, you'll want to head to one of the best honeymoon destinations in the world.

Your honeymoon is your chance to visit somewhere you've always wanted to visit and see things you've always wanted to see.

Whether you're after a traditional 'sunset dinner on the beach' type of holiday, or you want three weeks of culture and adventure, our countdown of the 50 best honeymoon spots will have something for you (and at every price point).

32. Colombia

Why Go: Colombia's diversity means you get a little bit of every kind of honeymoon if you go there. Visit Cartagena and the colourful Caribbean coast for beaches unlike any you've seen before. Want to learn to salsa? Do it in Cali. Ciudad Perdida is a lost ancient city in the Amazon rainforest just waiting for you to discover it. Go on a horse-riding trek through the magical Cocora Valley. Learn about Colombia's controversial past and the infamous local Pablo Escobar in Medellin. Take a walking tour of incredible street art in the capital of Bogota. That's not even scratching the surface.

Where to Stay: Some of the coolest accommodation in Colombia is the [Ecohabs Tayrona](#), found in the beautiful jungle habitat of Tayrona National Park. These peaceful wooden bungalows are super romantic and offer a stunning view across to the Caribbean Sea.

The fun, boutique hotel [Casa San Agustin](#) is in the heart of Cartagena's old town. It's a fantastic base for exploring the city in foot, has a destination restaurant visitors clamour to get into, and staff always ready with a smile.

When to Visit: Every part of Colombia (bar the rainy Amazon) is at its best in December to February.
